PHM Health 
Your Trusted Partner In Care

WHERE WE COME FROM...

PHM Health began its journey back in 2016 in a town called Narrandera in the Riverina region of NSW.

Back then the focus of the organisation was small, ad hoc community support for seniors and the disabled.

In 2017 we expanded into the Sydney Metro. The introduction of the NDIS presented an opportunity to continue to provide personalised care to people who were aged and disabled.

Thus, PHM Health began as an NDIS unregistered provider.

Over the course of 2018, we continued to experience rapid growth and decided to head down the road of becoming a registered NDIS provider.

We have expanded in NSW to Greater Sydney, Orange, Dubbo, Albury, Central Coast and Newcastle. In 2022 we are establishing our services interstate.

...WHERE WE ARE HEADED

PHM Health continues to experience rapid growth. Our goals include:

- Continued expansion across NSW and Australia
- Move into a number of social enterprise programs aiming to provide employment opportunities for people with a disability
- Support Independent Living programs
- Day programs
- Support Coordination
- Aged Care
- Veterans Home Care
- Become an international home care provider

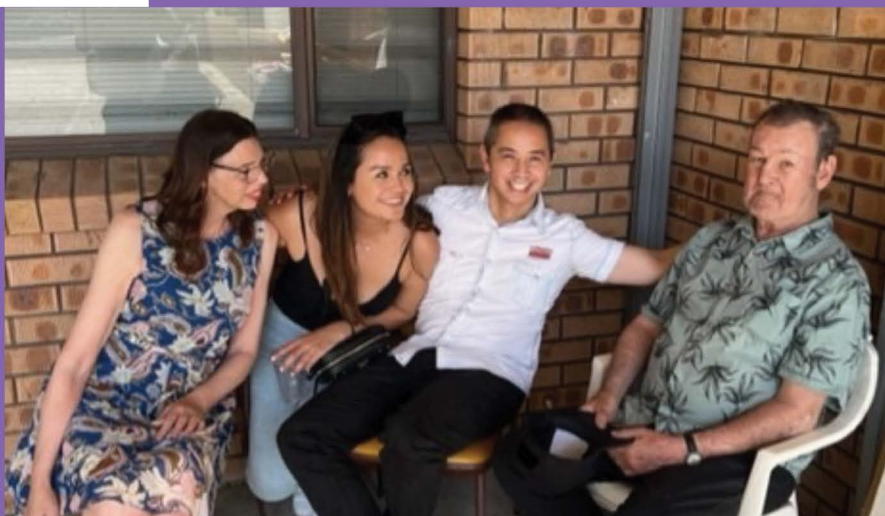

Join PHM Health

PHM Health is committed to providing high quality services and professional care to people with disabilities.

As we continue to grow and expand our services, we seek passionate and enthusiastic individuals to join our teams.
