## **God is the Creator Code: 7/OT/3**

### **1. General Aims of the unit**

Better Understanding of the books of the "Old Testament" -

### **2. Special aims of the lesson**

1. Understand the creation and its order as mentioned in Gen. 1. This order is matching with the scientific approach suggested for creation. (understand the day in Gen. 1 as a period of time and not necessary 24 hours)

2. prove the fallacy of the “the big bang theory” [the world is created by chance and not by a creator]

3. Show our personal benefits when we believe that God is the creator (He is in control of everything running on earth and favor His children).

### **3. Outcomes**

**By the end of this lesson the teens are able to:**

1. Recite the order of the world creation on a daily basis.
2. Debate the creation Vs. “big bang theory”
3. List all their personal benefits from believing that God is the creator, and give examples.
4. Give daily thanks to God the creator for all the beautiful creation which we enjoy and essential to our survival.

### **4. Verses :**

1. Gen. 1:1 , 31 ; Rev. 4:11

### **5. References :**

- Check many references in the library about creation.
- Check on the net , but be selective
